A Note from Bob:

Well, we've been deeper into Fall than we thought we'd be. A few good driving days are still appearing, though a bit coolish &/or wettish. But we check the cloud patterns, check the fluid levels, get the Model A out and maybe dive back into the garage. Is it really time to be prepping cars for winter and writing up parts lists for the winter projects?

Broken record time: Nominations and elections are coming. Consider joining with another member and sharing an office or fill a board position. Sharing a few tasks for the club can lighten the load. And it gets your mind working on what you would like to see the club do.

Let us know what you all have in mind for projects this winter. Someone else may be doing the same as you.

Cheers! Bob
